

Your partner  
in an efficient  
supply chain

About us

We specialize in sea and inland waterway freight, backed by efficient rail and road transport for seamless delivery.

Our role is to connect supply and demand through smart, compliant, and efficient logistics — from port terminals to inland destinations. Whether you're managing global shipments or regional distribution, our experienced team and trusted network are here to make logistics work for your business.

**We Connect Global  
Supply and Demand  
Through Smart  
Logistics**

# Why join us?

We combine deep industry expertise with a flexible, client-focused approach to deliver reliable, transparent, and efficient logistics solutions.

## They trust us, and here's why:

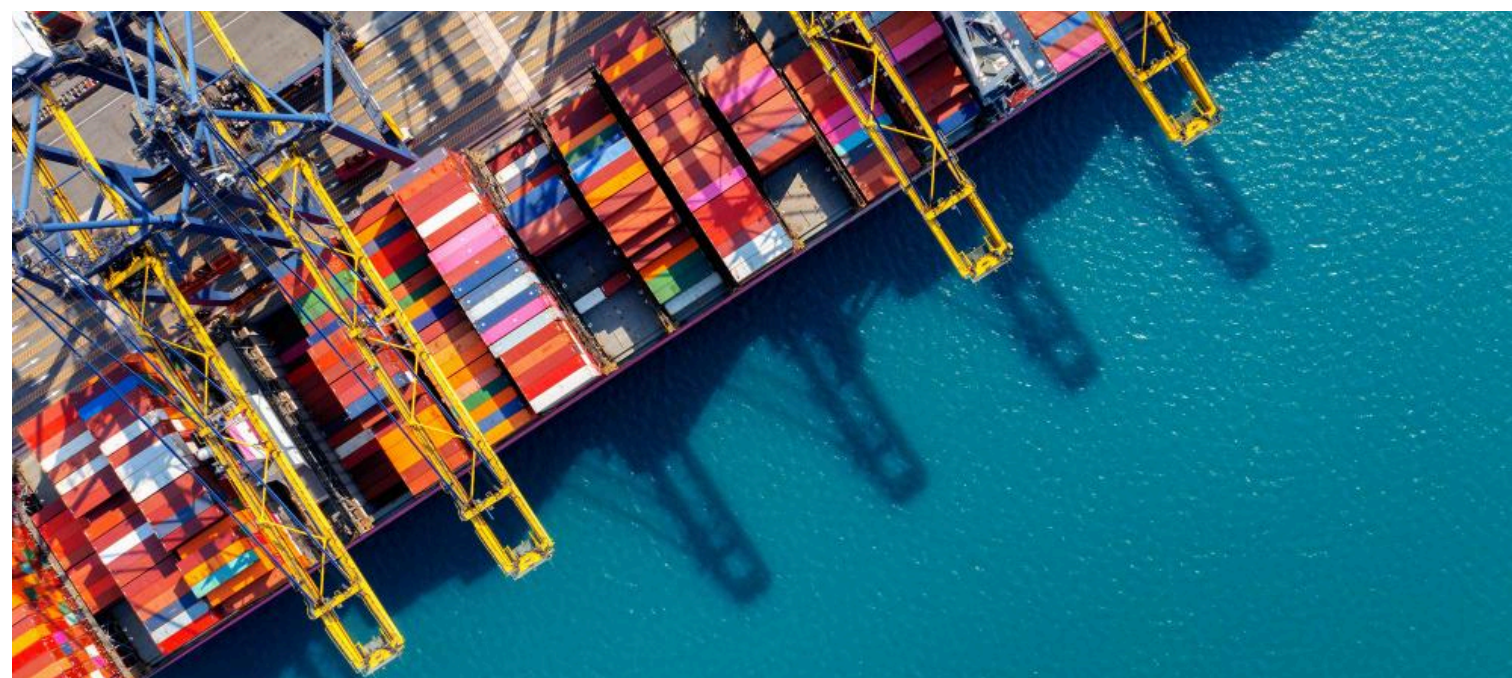

Stability and clear cooperation terms

Modern tools and technologies to support your work

Career development opportunities — training, certifications, and clear paths to grow

Precision, quality control, and on-time delivery at every stage of the logistics process

A real voice in shaping the direction of our operations

## Warehousing

---

We provide flexible and secure storage tailored to your cargo needs, including:

- Temperature and humidity control
- 24/7 monitoring and security
- Segregation of sensitive goods
- Full inventory tracking
- Cross-docking and long-term storage

## Sea & River Freight

---

We specialize in seamless international transport by combining sea, river, rail, and road solutions, offering:

- Bulk, pallet, and packaged cargo
- Close cooperation with carriers and port operators
- Real-time shipment tracking
- On-time delivery to ports and inland

## Value-Added Logistics

---

We support your supply chain with strategic services such as:

- Repacking
- Labeling and documentation compliance
- Quality inspections
- Weight verification and reporting
- Cargo consolidation

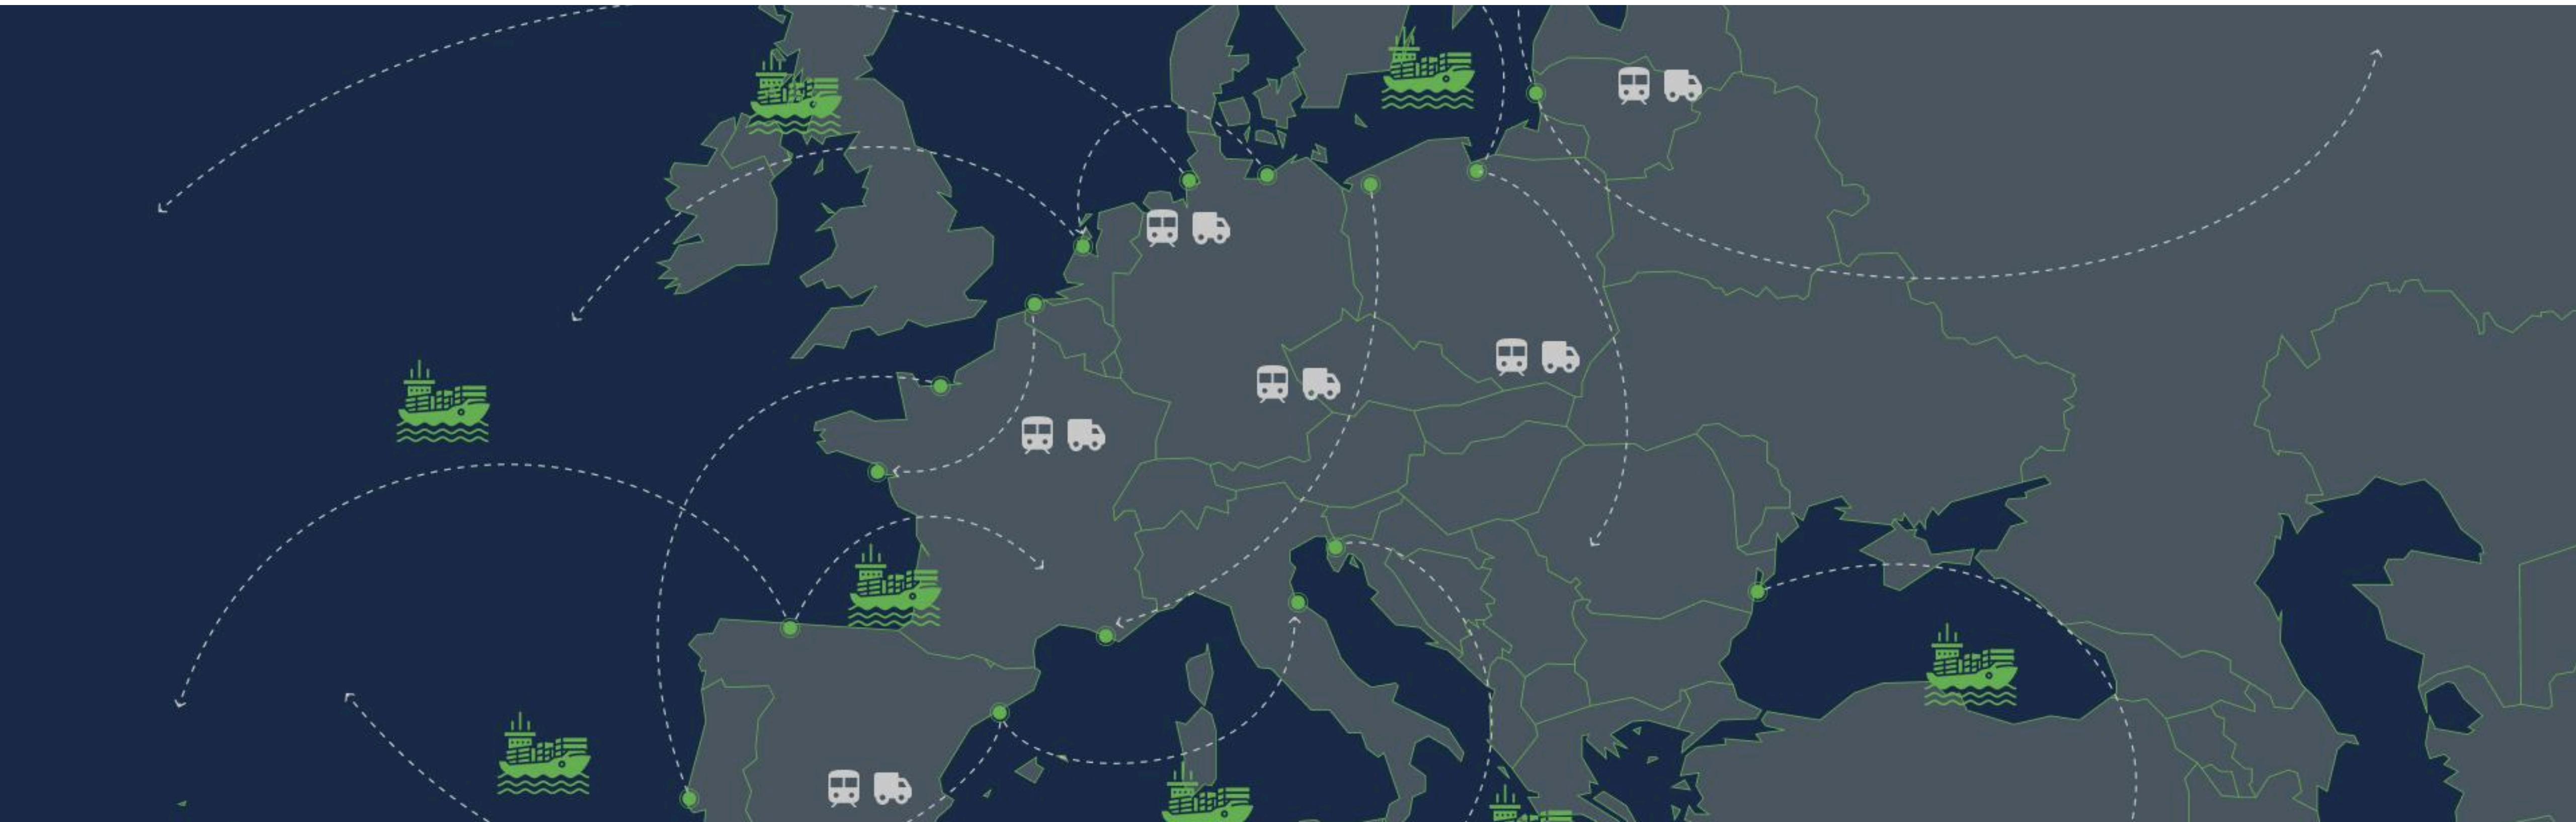

Where We Operate?

# Logistics at the Crossroads of Global Trade Flows

Operating across EMEA and South America, **Navilogis** delivers reliable logistics where it's needed most — where production, trade, and consumption meet. We combine sea and river freight with rail and road transport for full end-to-end cargo control.

# Contact Us

We invite you to connect with us — the Navilogis team will be pleased to present a tailored offer and logistics solutions aligned with your operational goals.
